

Salis by Erbario Toscano — inspired by the sun, the sea, and the Mediterranean underbrush. It ignites the desire to indulge on the rocks where the salt is effortlessly collected as the tide splashes, wave after wave, under the strength of a passionate sun”.

The Salis Amenity Collection evokes the feel and pleasure of an energy that only the sea can offer. The marine notes enhanced with fresh shades of helichrysum and wild myrtle transform each gesture into a glimpse of the Mediterranean. The mineral essences accompanied with touches of aromatic thyme, reminiscent of the spray and mist along a warm, rock lined, coast.
