

Sea Minerals & Blue Iris Amenity Collection

Crisp aquatic notes are created to form our nautical sea minerals aroma and are delicately balanced with the refreshingly light floral signature of blue iris to develop a fragrance that blooms a soothing and relaxing scent. With a blend of extracts including calming amber and cedar paired with a bouquet of bright aromas like freesia, blue iris, and orange this scent profile is one that releases an intoxicating aroma that wraps you in an oceanic dream.

Soapbox™ — Natural Hair and Skin Care that gives back. Heart-warming and memorable: each room amenity kit gives back to someone in need.

attributes:

- Soapbox products will inspire and surprise your guests with quality ingredients, a refreshing scent, and a story that warms the heart. Guests will feel pampered and pleased with such an intriguing product provided to them in their hotel rooms!
